# 2.0 GOAL OF THE ASSEMBLY

The Sekondi-Takoradi Metropolitan Assembly's goal for MMTDP 2022-2025 is to ensure that all the people have access to basic social services while creating an enabling environment for economic growth, job creation and poverty alleviation in an inclusive society. Therefore, the broad sectoral goals of the Government under which the activities have been planned include Economic Development, Social Development, Environment, Infrastructure and Human Settlements, Governance, Corruption and Public Accountability, Emergency Planning and Response (Including Covid-19 Recovery Plan) and Implementation, Coordination, Monitoring and Evaluation.

In preparing the MMTDP 2022 - 2025, where this AAP is drawn from, efforts were made to ensure that, the activities were specific and realistic and thus, met the SMART requirements.

#### 3.0 IMPLEMENTATION ARRANGEMENTS

The AAP will be implemented through a collaborative effort of all stakeholders in and outside the Metropolis. These will include the Central Government Agencies, Decentralized Agencies, Departments of the Assembly, and Development Partners, as well as CSOs, FBOs, NGOs, and

the private sector. Also, traditional authorities, Assembly members, youth groups and other concerned stakeholders will form a part of the implementing body for the plan.

The implementation of the 2024 AAP will require financial, human and technical resources which will be onerous for the Assembly alone to bear. It is therefore imperative for the Central Government and all those who have the capacity and financial muscle to contribute and do so timeously. We need the timely inflow of the resources, support and cooperation from all in order to avoid a distortion of the schedule of implementation of the plan.

# 4.0 REVIEW OF THE AAP 2024

The 2024 Annual Action Plan is the continuation of the implementation of the Metropolitan Medium Term Development Plan (2022-2025). In accordance with the guidelines provided by the NDPC, the AAP will be reviewed annually by the Assembly in consultation with all the stakeholders in and outside the Metropolis.

During this review process, relevant activities will be identified either for inclusion or as rollover projects. Attention will also be focused on projects and programmes that have lost their
relevance due to time and such projects will be removed from the plan. The outcome of this
process will inform the content of the AAP for the ensuing year and constitute the basis for our
annual budget as well as inputs into the National Annual Budget. It will also provide the basis
for setting indicators that will be reported by the Sekondi-Takoradi Metropolis as indicators
into the National Annual Progress Report that is prepared by the NDPC.
